

Frozen Blue Margarita

Serves: 1

Profitability:

Steps:

First you must prepare your Margarita glass

Run a slice of lime around the lip of the glass. Then turn the glass upside down and run through the salt. You should see the salt sticking to the lip of the glass where the lime is

Then fill the blender with a handful of ice cubes enough to slightly overfill your cocktail glass

Pour in the Tequila, Blue curacao lime juice and sugar syrup

Blend well until the mix is of a runny consistency

Serve into your margarita glass

Garnish with two large diameter straws and lime wedge

Ingredients:

35ml tequila

15ml Blue Curacao

Blender

15ml freshly squeezed lime juice

Ice cubes/crushed ice

Salt

5ml sugar syrup
